

## UCLA Health COVID-19 Update: Non-Employed Personnel Accessing Health Care Facilities

**NOTICE: Effective immediately, UCLA Health requires all vendors involved in direct patient care support roles to provide proof of COVID-19 vaccination.** On July 15, the University of California Office of the President (UCOP) issued a policy that requires all UC faculty, staff, academic appointees, and students to be fully vaccinated against COVID-19, including UCLA Health. UCLA Health expects all vendor representatives to abide by the same policies followed by workforce members.

**UCLA Health vendor representatives are required to submit proof of vaccination to Intellicentrics customer support for processing by September 1, 2021.**

- Vendor representatives should upload their COVID-19 Vaccination Record Card in the Intellicentrics portal as they have with previous vaccination credentials. A photograph or a scanned copy of the document is appropriate.
- All vaccine dates must be clearly documented from a medical professional. COVID-19 Vaccination Acceptance Criteria should include the vendor representative's name, product name or manufacturer, date, and clinic or health care provider.
- Vaccine proof should show the vendor has received their first dose of a one-dose regimen or their second dose of a two-dose regimen.
- Please be advised that there are no exemptions to the vaccination requirement based on the guidance ([State Public Health Officer Order of August 5, 2021](#)) issued by the California Department of Public Health.
- Vendor representatives experiencing technical issues uploading their COVID-19 Vaccination Record Card should e-mail Intellicentrics Customer Support at [CustomerService.US@IntelliCentrics.com](mailto:CustomerService.US@IntelliCentrics.com) or contact Intellicentrics Live Support at 817-732-3873.

### **ADDITIONAL INFORMATION:**

The Centers for Disease Control and Prevention and the California Department of Public Health have issued guidelines for health care facilities to help protect our patients, staff and visitors.

**Stay Informed** - The CDC and other infection control organizations are sharing COVID-19 information as new data is confirmed. Please monitor the UCLA Health website (<https://www.uclahealth.org/coronavirus>), the CDC website (<https://www.cdc.gov/coronavirus/2019-ncov/index.html>) and the California Department of

Public Health website (<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/HealthCareAndTesting.aspx>) for the latest information.
