## **University of California Health**

### **Remote Blood Pressure Monitoring**

Amendment Issued 5/3/2020

This amendment addresses the inquiries and requests for clarification portion of the RFP.

Only one question was asked:

Question:

Section 3.1.1 refers to the “caregiver” and a “caregiver interface.” Is this referring to an interface someone the patient’s clinical team (provider, nurse, care manager, etc.) or someone who helps care for the patient at home (spouse, child, etc.)?

Answer:

The “caregiver” and “caregiver interface” refers to the patient’s clinical team. Specifically, someone in the hospital environment who will be monitoring the information sent to Epic.
